

To the FCC: This letter is in protest of the plan to show a "smear campaign" of John Kerry program pre-empting regular programming on Sinclair stations, the location affiliate of which here is KSMO. It is not their place to run this program as "news" because it is unfair and biased. If they'd like to run it, call it what it is--a campaign ad. If you'd like to see fair and unbiased assessments of our candidates, go to the broadcast of Frontline last Tuesday, 10/12/04, on PBS. A very informative documentary which was not slanted toward either candidate.

We in this country have had enough of big corporations trying to get control of the populace. We won't stand for it.

Karen Riley, Lenexa, KS
